BEET CULTURE.

The JOURNAL has on different occasions directed the attention of the farmers of Nevada to the subject of sugar beet culture which we believe could be made one of the most profitable agricultural industries in the State. There are thousands upon thousands of acres of land in our valleys and even on our uplands, which are now utilized only for grazing purposes, but which could be profitably cultivated, if the business was prosecuted to a sufficient extent to justify the establishment of sugar making plants so as to insure a steady and certain market for the crops. The Lyon County Times has taken up the subject upon which it offers the following sensible remarks:

"The best sugar factories of California are about to begin crushing the beet crop of this year. Last year over 20,000 tons of beets were crushed by the factories and the farmers who raised them received \$5 25 a ton for them, and about 2,000 tons of sugar were produced. It is said that only an average of ten tons of beets to the acre is raised in California and still it is the best paying crop the farmers can raise. Prof. Wiley, chemist of the United States Department of Agriculture has said that the soil of California is better adapted to beet raising than any he has seen. It is very evident that Mr. Wiley has not made many, if any, observations in this State, for it has been demonstrated that from 20 to 50 tons of beets to the acre can be raised on Nevada soil. We are of the opinion that a beet-sugar factory on the Carson river near this place would be a fine paying investment for the parties who would erect it, as the surrounding country is capable of producing beets enough to run a number of factories, and it would open a market that would last forever of something our farmers could raise and make pay. The consumption of sugar in the United States is increasing each year. New factories are being built in California and many other States, and we can see no reason why Nevada should not get into this line of industry also.

True Words.

Lyon County Times: As the Reno JOURNAL remarks the consolidation of counties is not a measure for any Constitutional Convention to decide. We have written to this effect, we believe, and stated that it was only legislative action that can make the change. This, however, is no reason why there are not many needed changes that can be made to the Constitution much cheaper by calling a convention than by amendments submitted as they now have to be. At the same time it will be well to see that nobody who is in favor of annexing Lyon county to Storey is sent from this county to the Legislature.

The Tariff Dispute.

During the debate on the tariff last week the Democrats were trying to make a point that some of the manufacturers were selling to foreign markets cheaper than they were in this country. Senator Stewart, instead of making any effort to deny the statement, said that if such were the case he for one did not think it a bad idea. Foreign markets are what the country wants.

The ordering away of the Charleston from Honolulu in the absence of any knowledge by the State Department of complications said to be imminent in Hawaii has created a feeling in official circles at Washington as well as among business men, in favor of a cable from San Francisco to Honolulu. If this sentiment can be worked up into a practical movement it would be comparatively an easy matter to carry out the design. Hawaii stands ready to subsidize any responsible company that will undertake the work. The necessity for quick communication is increasing with the growth of American interests in the islands and the possibility of internal dissensions.

Had the Republican party adhered to the principles which it advocated during the first few years of its existence, say up to the time when Lincoln was elected the second time, this writer would not now be the editor of a Democratic newspaper.—Elko Independent.

The Republican party probably felt that it couldn't afford to loiter in the path of progression for over a quarter of a century to enable the Independent editor to keep up with the procession, and so with other rear stragglers he naturally dropped into the Democratic ranks.

The Indiana Democratic State Convention has spread more than the usual amount of taffy on its platform. The resolutions are really tragic in their denunciation of the Republican policy which has boosted silver from 42d to 54½d in the world's markets. Query: Is it ex-President Cleveland who is engineering this Democratic howl against the rise in silver?

Central America's lively little States have made up after several weeks of war. They will begin now to talk about the benefits of peace upon the prosperity of the country and will continue upon that tack till enough money is raised for more fighting.

The population of Oakland exceeds that of the State of Nevada by 8,000 and one of the Oakland papers raises the question, why not have a consolidated city, county and State of Oakland.

PHILADELPHIA LETTER.

Notes of Sight in the Quaker City by a Nevada Tourist.

PHILADELPHIA, August 21—Ed. JOURNAL: Continuing notes from last week I visited the new City Hall and ascended its dome by the great steam elevator where I took a view to the north port with the beautiful broad street with the beautiful Delaware river on the right and the manufactory on the left. In front and near by is the great Masonic temple and fartherest in the north part of the city is the great and new Fairmount Park and Fairmount Hall, which was the place the Centennial exhibition was held and the great Kensington Water Works, where is impounded a large reservoir of water in an artificial basin constructed on a hill where it can be forced in pipes over the great old Quaker city, also the site of the great Girard College with the stupendous college building in the center of the grounds which are walled in by a high wall of solid masonry, it being the gift of Stephen Girard. Looking to the west we have a fine view of the beautiful Market street and the new depot of the great Pennsylvania railroad, and several grand and costly bridges and the mountain scenery in the far distance. Over from the south we again view the beautiful Broad street, to our right are large manufactory and beautiful buildings showing beautiful art designs too numerous to mention and to the left is the city of Gloucester in New Jersey.

View from east shows us the opposite end of Market street. Among the noticeable buildings is the imposing structure of Drexel & Co., ten stories high, built of white marble, also John Wanamaker's covering one block or square, and the city of Camden on the Jersey side of the beautiful Delaware filled with its vessels and smaller crafts, making in all the grandest views my eyes ever beheld. I am indebted to policemen Joseph Morrow and Lloyd Patterson as guides in making my visit interesting and speedy. I expected to have gotten the height and dimensions of the great City Hall, but in my hurry it was forgotten. I next visited the great City Hall; as satisfactory description cannot give as here also I failed to get the size and height. It, however, is built of solid masonry and has its rooms for different grades of work in the order and many collections of art pertaining to the order, and the paintings of Lafayette, Franklin, Washington and Stephen Gerrard and many other eminent Masons.

Academy of Natural Science is a large structure, three stories, devoted to the exhibitions as its names implies, contains skeletons of prehistoric animals and men and skulls and skeletons and stuffed animals and birds from all parts of the world. Also a large assortment of prehistoric specimens from all parts of the world. The inspection of the numerous animals, birds and reptiles bespeak plainly the size necessary for Noah's ark to hold every living creeping thing on the face of the whole earth.

Fairmount Park and hall was next visited. The park is large and in a fine location and tastefully arranged but too new to be attractive. In a few years it will be grand. Fairmount Hall is spacious but does not contain much that is attractive except the panoramic scenes of Pompei, which are so arranged that one sees the most barbaric or foreign architecture the first which showed the progress of their rude style of architecture. Then to compare their best works of art with the old building of Carpenter Hall and Independence Hall and next compare the last named with the grand work of art shown on the grand new City Hall and the Masonic temple shows our constant forward march in the improvement of art and mechanical skill and means of accumulating wealth. I saw no minerals from Nevada or Idaho. In this I was surprised, as I had furnished Hon. Thos. Donaldson quite a collection of minerals for the Centennial exhibition from South Mountain mine. But I was informed they were probably moved to Washington City. There are many other places of fine art collections I did not have time to visit, which may have my attention at some future time.

Philadelphia seems to have many vacant business houses and dwellings in almost all parts of the city, one lace factory has been idle for several years, this commodity now coming principally from Germany and Sweden.

Correction.

At the Democratic primaries last Saturday T. K. Stewart and C. W. Wellman were elected delegates to the County Convention from the First Ward instead of J. W. Carroll and Hugh Campbell, as published in Sunday's JOURNAL. In the Third Ward, James Burke received ten more votes than J. J. Becker for delegate to the State Convention, and unless the latter pulls up in the returns from Peavine, which was attached to the Third Ward for primary purposes, the former was elected. The JOURNAL was informed on Saturday night that the "regular" ticket was elected hence the mistake in the names above mentioned.

Appointed U. S. Judge.

Last Saturday Judge Thomas H. Hawley was appointed by President Harrison to the U. S. District Judgeship made vacant by the death of Judge Sabin. The fact that Judge Hawley has been three times elected a Supreme Judge in this State and that he would have had no opposition in the convention of his party this year for renomination, with an equal certainty of election, is conclusive evidence that his appointment will prove satisfactory to the people of Nevada.

Sudden Death.

George Kerth, an employee at the Pacific Brewery, died of heart failure last Saturday evening. He had only been a resident of Reno about two months. At the request of Schiller Lodge I. O. O. F. of Sacramento, of which deceased was a member, the remains were taken to that city for interment.

"O, oh, let me see, what do you give for a cold on the chest?" asked Jones, in a sort of indifferent tone, of a doctor who whom he was slightly acquainted, as he met him on the street. "Advice," was the laconic reply. "So do you advise me to take a cold?" "No," said the doctor, "I advise you not to neglect that hacking cough and drowsy feeling, the coated tongue, the falling appetite, the increased nervousness, the loss of sleep and debility—that 'cold' is not only the most wonderful alternative, or blood-cleanser, known to medical science, but also possesses superior nutritive and tonic or strength-giving properties. It improves digestion and builds up both flesh and strength when, from any cause, they are reduced below a healthy standard. For Bronchitis, Throat and Lung Diseases, accompanied with lingering coughs, the 'Golden Medical Discovery' is absolutely unequalled as a remedy. For Weak Lungs, Spitting of Blood, Short Breath, Consumptive Night-sweats, and kindred affections, it surpasses all other medicines. It's the only lung remedy sold by druggists, guaranteed to benefit or cure, in every case, or money refunded.

\$500 OFFERED

Groping in the Dark.

A Mr. W. H. Smith, says the Austin Revue, arrived on yesterday's train from Chicago. On being interviewed by the reporter of the Revue, he stated that he was from Chicago and visited Austin in the interest of some of the owners of the Manhattan company and to learn, if possible, the feeling that existed between the people and the management of the company. The reporter inquired where he went to obtain the desired information and was informed that he proceeded to the Superintendent of the company to learn through him the situation. He might as well have gone to Natchez, Chief of the Pirates; he would certainly have received more reliable information there than from the present Superintendent.

NEW TO-DAY.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE OF Nevada, in and for the County of Washoe. The State of Nevada sends to O. J. Beckus, Sheriff: You are hereby required to appear in an action commenced against you as defendant by T. J. Truman and J. Usgood Hooker, partners, doing business as Truman, Hooker & Co., as plaintiff in the District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover the possession of certain goods and personal property, to-wit: 4 wagons No. 41, size 2½, weight 105 lbs.; 3 wagons No. 48, size 2½, weight 835 pounds; 2 wagons No. 44½, size 2½, weight 900 pounds; 2 wagons No. 44½, size 2½, weight 800; 4 wagons No. 48, size 2½, weight 900; 3 wagons No. 47B, size 2½, weight 900; 2 wagons No. 48B, size 2½, weight 900; one wagon No. 47B, size 2½, weight 900; one wagon No. 49, size 2½, weight 900; and 2 California rock beds, and in case possession of said goods and personal property cannot be had then for the value thereof to-wit \$1,100 all of which will more fully appear from the complaint which on file in the office of the Clerk of said Court at Reno, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded. In testimony whereof, I, T. V. Julien, Clerk of the District Court of the State of Nevada, in and for Washoe County, this 19th day of July, A. D. 1890. T. V. JULIEN, Clerk of the District Court of the State of Nevada, in and for Washoe County, Sept 2.

BREVITIES.

H. M. Yerrington was in town yesterday. Sunday's number 3 was nearly four hours behind time.

C. H. E. Hardin arrived yesterday from across the mountains.

Paint your house with the best mixed paints. Sold by Lange & Schmitt.

Mr. Bartine has telegraphed that he will be a candidate for renomination for Congress.

E. Robinson, for many years proprietor of the Lake hotel at Glenbrook, died last Friday.

Frank Golden, the Virginia jeweler, passed through here on Sunday on his way to Tascara.

Go to Lange & Schmitt for garden hose, garden tools, and agate ware. Largest stock in the city.

Carson Appeal: Judge Healy is now at work on the libretto of a local opera house. Manager Piper is laying for it.

State Printer J. C. Harlow, Attorney T. W. Coffin and Lieutenant Governor Frank Bell came down on last night's V. & T.

R. L. Horton, candidate for State Controller, arrived in town from Austin last Saturday night and went on to Carson yesterday morning.

Ross Levers was elected delegate to the Democratic State, and A. Twaddle and Henry Heidenrich delegates to the County Convention from Franktown.

The Fall term of the State University will begin next Thursday, September 4th. A number of students have already arrived from different parts of the State.

State Senator Poudjé arrived Sunday night from Pioche. He is a delegate to the Republican State Convention from Lincoln and perhaps a candidate for Lieutenant Governor.

Hon. O. H. Grey, of White Pine, arrived in town Sunday night. The Journal learns that the Republican delegates of White Pine are solid for Mr. Gray for Secretary of State.

Elko Free Press The Elko delegation will present the name of Geo. F. Talbot for District Judge, and that of E. P. Hamill for Secretary of State, before the Republican State Convention.

George Rives, Superintendent of the Sylvania Mining and Mill Company, arrived here with his family from Eureka Saturday night and on Sunday they left on the V. & T. for the south.

Silver State General R. M. Clarke of Carson and a number of local celebrators left this morning on the hurricane deck of a four-house wagon to examine irrigating ditches and dams up the Humboldt.

B. Horn has purchased the brand, JHL connected, and entire cattle interests of H. L. and J. E. Byrne on the ranges in Duck and Bruneau valleys, in the northern part of Elko county and Southern Idaho.

The delegates to the Republican State Convention from the East are arriving and after spending a day at Reno move on to Carson and Virginia City. A large number are expected on this morning's train from the east.

An unusual number of Reno Democrats expressed their determination to go up to Virginia to-morrow, so as to be on hand to witness the proceedings of the Republican State Convention on Thursday. By the way it strikes us that we have heard something about a rat-killing, cock-fighting, or slogging match, or something of that kind that is coming off up there to-morrow night.

Dr. Bergstein is winner a dog collar. Last week somebody stole his mottosetter, and on Sunday the canine returned home with a brand new collar around his neck. If the dog thief and collar donor will hand the key of the padlock attachment to the doctor he will be kindly thanked and no questions asked.

New Soap Factory. Work was commenced yesterday on the foundation for the new soap factory building on the ground just below and adjoining the Fogns Mill site. A building 25x50 feet will be erected, and all of the necessary machinery for a first-class plant will be placed therein. The engine and boiler of the Pyramid Mining Company have been brought in and will furnish the steam power for the works. P. H. Mulcahy will have charge of the manufactory works, which are expected to be in active operation in about thirty days.

Good Showing. Assessor Stoddard informs the JOURNAL that he has made a hasty and informal footing up of the assessment roll, and that the aggregate will exceed that of last year by about \$100,000. While there is some decrease in the personal property valuation, owing to the losses in cattle and sheep last winter, the increased value of real estate will more than offset the reduction. Washoe is probably the only county in the State which will show an increase of assessable property over the figures of last year.

A Suggestion. As Judge Hawley will have to resign to take the U. S. Judgeship, why wouldn't it be a wise and graceful act in Governor Stevenson to appoint the nominee of the State Convention Supreme Judge, to fill the few months unexpired term on the Supreme Bench? It would avoid a change on the first Monday of January and give the nominee a chance to get the run of things before his new term commenced.

Eureka Etchings.

Sentinel, Aug. 30.

The case of Nye county vs. D. S. Shaw, in a tax suit, has been transferred from Nye to this county.

All the delegates elected in this town to the Republican Convention, to be held at Virginia City, will attend in person—no proxies.

All of our present county office will seek renomination.

Harry and Olive Baker, of Reno, who have been here visiting their grand-children, for some time, left for home yesterday.

During the week the Eureka and Palisade Railroad Company shipped 235 tons of ore to the Salt Lake smelting works.

Mine owners should be alive to the importance of furnishing information about their mines to the census taker. Mining statistics are eagerly sought by investors in mines.

Two Eureka gentlemen meet during leisure hours and play crib. One of them has kept a record and finds that they have played 3,022 games each and are even on winnings.

The Eureka Con. works were closed down for repairs last Monday. It will require some two weeks to make the necessary repairs and improvements.

The Coroner's jury, held at Palisade a few days ago found that the man's name, run over and killed by a C. P. train near Beowawe, on the 14th inst., was Thomas Cleary aged about 24 years.

Manner Medros, a sheepherder in the employ of J. G. Ford, at Antelope valley, while cleaning an old shotgun last Wednesday morning, received a charge of 11 shot in his right breast just above the right nipple. He was not aware that the gun was loaded. He had a miraculous escape from death, probably the result of an insufficient amount of powder in the charge.

A Ticket That Would Win.

Elko Free Press Our western friends are suggesting names for a ticket, but are mixed on most of their guesses. The Great East has said very little on the subject, but here is a ticket that we think would win.

Congressman—H. F. Bartine, of Ormsby. Supreme Judge—R. B. Bigelow, of Washoe.

District Judges—Rising, of Storey, Talbot, of Elko, Wells, of Esmeralda, Chebney, of Eureka.

Governor—Powning, of Washoe.

Lieutenant Governor—Poudjé, of Lincoln.

Secretary of State—Hamill, of Elko.

Controller—R. L. Horton, of Lander.

Treasurer—J. R. Shaw, of Lyon.

Attorney General—Wm. Woodburn, of Storey.

Clerk of Supreme Court—O. H. Grey, of White Pine.

Supt. of Public Instruction—S. P. Davis, of Ormsby.

Surveyor General—J. E. Jones, of Eureka.

State Printer—Joe Ekeley, of Storey.

If Bartine gets the U. S. Judgeship, the name of Newlands might be substituted for Congressman, and if Bigelow should receive the Judgeship then Woodburn would make a good candidate for Supreme Judge, and Torreyson or Judge Currier a good Attorney General.

But the above ticket is only guess work; we don't know whether all of those named are even candidates.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

Board of Trade Meeting.

Owing to the fact that a number of the members of the Board of Trade will be in Virginia City on Wednesday on account of the Convention which will assemble there Thursday, it has been decided to change the meeting of the Board called for Wednesday evening to this evening at the Court House at 8 o'clock.

A Rare Treat.

The Millar Bros. and Prof. C. Norris' world's tour company give two of their popular entertainments here to-night and to-morrow night with a matinee at 3.30 p. m. Wednesday, September 31, for the benefit of ladies and school children. Prof. C. Norris and his troupe of thirty-five humanely educated dogs were here a year or more ago, and our citizens know that they are the finest ever seen here. The Millar Bros. come direct from San Francisco, having played there for four consecutive weeks. Scenes of the world are exhibited; wonderful mechanical effects; bombardment of cities; ships at sea, and many other realistic effects.

"The D—st Sinner."

The Elko Independent welcomes Billy Rogers into the Democratic party thusly:

It is reported that Billy Rogers has left the Republican party and joined the Democrats. This is an evidence of the truth of the old complaint: "While the lamp holds out to burn, The d—st sinner may return."

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the systemic effects of the disease, banishes the headache, and refreshes the tired mind.

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—took three bottles. It did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced."
